

SECRET

NOTE FOR: Mr.

I talked with What he is seeking in each of the Directorates is some one to provide access to the various data he'll need.

All the actual work on this project will be done by the members of the A&E Staff - i.e. the grubbing for information, development of statistical formats, compilation of data and so forth.

What Mike needs is a task force to sit with him every six weeks or so to talk about the general thrust of the study, to contribute ideas on new avenues that ought to be explored, and simply to exchange views and hopefully strike new sparks thereby. Then following such meetings the members individually would help A&E by providing soft files, fitness reports, compilations of quality step increases and any other bits of information that aren't more easily obtained from official personnel files.

It seems clear from my chat with Mike that would be his best bet since is the keeper of the keys on all information concerning Support CT's.

Mr.

I talked very briefly with regarding the attached. He indicated that it would consume a minimum amount of time and that the role of the DD/S designee would be purely advisory. He further indicated that Dr. would like to brief you in further detail on the specifics of the task force plans. I gathered that the DD/S Training Officer was pinpointed because of his role in day-to-day association with the Career Trainees

Hank and I have discussed this and believe the briefing by will determine whether the Training Officer should be designated or whether the task force will be broad enough in terms of long-range planning or policy formulation to warrant attention from someone like

MEMORANDUM FOR: Deputy Director for Support

ATTENTION : Executive Officer

SUBJECT : Task Force to Study Data Pertaining to Career Trainees

REFERENCE : Memorandum for the DD/S, dated 26 Jul 1967, Subj: Proposed System Analysis of Psychological Data

1. We are now implementing the plan for the task force outlined in the reference memorandum as approved.

2. As you know, [] Ph.D., of our Assessment and Evaluation Staff will chair the task force.

3. It is our belief that the Senior Training Officer for the Support Directorate, working so closely as he does with the Career Training Program, would make a valuable addition to the task force. It is accordingly recommended that he be designated as a member.
